Dear, Ms. Galway,

I am writing to you today regarding some news that has recently been shared with me via my massage therapist, _____.

Apparently, due to some restrictions with the WHSCC, my therapist feels they are no longer able to continue treating WHSCC patients without compromising patient care or her/his professional integrity.

I am an injured worker who believes in the early and safe return to work initiatives that WHSCC is currently promoting. There is no doubt in my mind that massage therapy is an integral part of my health care regimen, and without it, I fear my recovery will be prolonged.

In the interests of all injured workers, I ask that you please work with the massage therapists to come up with an agreement that is mutually respectful and beneficial for all parties involved.

Sincerely,

_____ (Patient Name)
